## Nealanders is now representing Parker Products in Canada!

Parker Products and Nealanders International Inc. are pleased to announce that effective January 1<sup>st</sup>, 2012, Nealanders International Inc. is excited to provide our customers with Parker Product's fully customizable line of candy particulates for use as inclusions in a variety of dairy, bakery and savoury applications. Each product is made to order which allows customization of texture, size, flavour and any ingredient requirements such as trans-fat free, organic, all natural and allergen free options. Products are available with flexible minimum order quantities, compared to the competition, and with a variety of packaging options.

### About Parker Products

I.C. Parker, creator of the famous "Drumstick"<sup>™</sup> novelty, founded Parker Products in 1926 to create inclusions for the ice cream industry. Since then, Parker Products has evolved into an innovator of confectionery ingredients for use in a variety of food and beverage applications. Parker Product's facilities are SQF Level 2, Kosher Orthodox Union and QAI Organic certified.

### About Nealanders International Inc.

Founded in 1989, Nealanders is recognized as a leader in the manufacturing and distribution of food ingredients, specializing in antioxidants, release agents, dough conditioners and enrichment blends. Nealanders' Head Office is located in Mississauga, ON, with facilities strategically located across Canada and the U.S.

As a progressive company with a strategic focus on innovation, Nealanders is very excited to add Parker Products to our already comprehensive food ingredient portfolio.
